# Introduction

Within this document, the advertising policy of the Symptomenzoeker.nl is explained in more detail. This shows where advertisements can be placed and under what conditions.

### **Number of impressions**

The prices below are excl. VAT and based on +/- 10,000 monthly visitors. For each advertising block, an estimate is given of the monthlyimpressions in relation to the advertisement.

### **Approval KOAKAG**

On 21 July 2020, the advertising policy below was aligned and approved by the KOAG/KAG Inspection Board. This allows you to advertise safely within the legal frameworks of the NVWA (Dutch Food and Consumer Product Safety Authority)

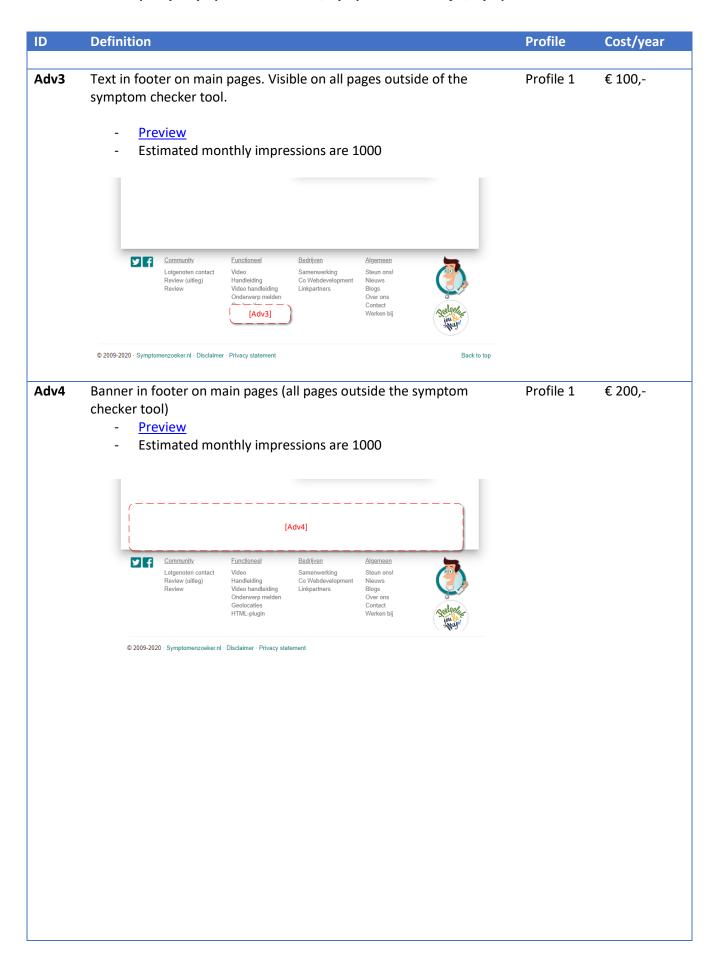

# 1. Profiles

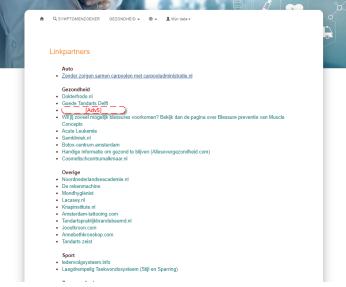

The profiles below are available within the Symptom checker. Depending on the profile, certain advertising guidelines apply. These profiles will be reflected in Chapter 2 (Commercial breaks) in the various individual commercial breaks.

ID	Definition	Not allowed	Allowed	Explanation
Profile 1	Page witho nchecked medical content	- Reclame expressions or references to health-related products. For example, no supplements, health products, medicines  - Medical claims (e.g. vitamin C in migraine)  - Reclame for directly traceable food supplements or health products. Also no advertising for vitaminstore or Davitamon	<ul> <li>Reclame expressions or references to non-medical products (car tires, insurance, etc.)</li> <li>Reclame expressions or references to disorders</li> <li>Advertising for companies that do not directly establish a relationship with a dietary supplement or health products.</li> <li>e.g. Kruidvat.nl, onlinedrogist.nl</li> </ul>	
Profile 2	Page withchecked medical content	- Reclame-expressions about food supplements or health products	- Reclame expressions to disorders (e.g. website about migraine, breast cancer etc.). Any display of the topic within the referred <b>page does</b> not apply. [see Adv11] - Referencesto treatments without a commercial motive, but only as a purpose to explain the subject (e.g. example of ankle exercises with physiotherapist, Wikipedia page about Goji berries) [see Adv9] - However, all other advertisements or references <b>Such</b> as car tires, insurance, gamma etc Advertising for companies that do not directly establish a relationship with a dietary supplement or health products. e.g. Kruidvat.nl, onlinedrogist.nl	
Profile 3	Page with gechecked non-medical content	- Medical claims and health claims (e.g. blueberry juice helps against migraines)	<ul> <li>Allother advertisements or references SUCh as car tires, insurances etc.</li> <li>Advertising of food supplements or health products</li> </ul>	Link page e.g. Adv5
Profile 4	Content with permitted or on hold health claims, not with medical claims	- Reclame expressions for which no approved <b>Claim</b> is based. E.g. "Vitamin C" may not redirect to a page where Vitamin C can be ordered.	<ul> <li>Only advertisements that have been officially claimed and can be found in the "Claim Database"</li> <li>All other advertisements or references Such as car tires, insurance etc.</li> </ul>	See Adv 17
Profile 5	Page with medical topic(s) but no relation to condition	- No conditions may be mentioned on the same page where treatments are mentioned.	- Alle reclame-expressions	See Adv15
